COUNTERFEIT COIN AT FRESNO.

A Slander About Los Angeles.
Distribution of Lands to Warm
Spring Indians.

Associated Press Dispatches to the HERALD.

TACOMA, W. T., March 31.—At 2 o'clock this afternoon Samuel W. Wall entered the business room of the *New* office and inquired of W. A. Berry, one of the proprietors, for Mr. Harcourt, the editor. Being directed to the latter gentleman's room he found him seated at his table writing. Wall, who did not personally know the other, asked him if his name was Harcourt. On receiving an affirmative reply, he said: "I have come up to kill you." Harcourt, supposing it was a joke, replied he hardly thought that. "Yes," said Wall, "I have come here to shoot you. If you have any preparations to make, you had better make them." Harcourt rose from his seat and Wall at once fired a 22-calibre pistol. The ball struck Harcourt's breast over the heart, penetrating the coat and vest and glancing from the steel core of his neck. B. P. Boise, Jr., city editor, jumped from his seat opposite and grabbed Wall. A second shot followed, hitting Boise in the fleshy part of the thumb of his right hand, shattering the bone and lodging at the base of the forefinger. The ball was extricated by surgeons. Wall was arrested, and in default of \$10,000 bail, he is in jail. The cause of the shooting was a controversy in print, growing out of the *New*'s defense of Tacoma against Wall's articles in the *Post-Intelligencer*, of which paper the latter was the Tacoma correspondent.

COUNTERFEIT MONEY
In Circulation at Fresno. A Clue
to the Counterfeiters.

FRESNO, Cal., March 31.—Spurious silver coin has been about in this city for some time, but the officials have been unable to get a clue as to who is issuing it, although they have clues that will lead to the apprehension of the counterfeiters. The coin is in denominations of dollars, halves and quarters. The milling is well executed. The coins are moulded, a little light in weight and deficient in ring. They are electro-plated imitations, dated 1886.

AN ABSOLUTE FALSEHOOD.
The Way in Which the North
Slanders the South.

SACRAMENTO, March 31.—Dr. Tyrrell, Secretary of the State Board of Health, states that a person who left Los Angeles to come north two days ago, was discovered, when he arrived at Mojave, to have the smallpox, and that he was sent back south by the medical inspector at Mojave. All lines north, the doctor states, are being closely guarded.

The man mentioned by Dr. Tyrrell is a Mr. Beckwith, who had smallpox at Havana and recovered some weeks ago. He then went to Mojave to get work, and not finding any, got in a car to go back when some one thought he had smallpox and all passengers fled from the car. On arrival here he was pronounced free from all disease and in full health. That is all of the matter.—[En.]

THE INDIAN LAND LAW.
Distribution of Land to the
Warm Springs Indians.

WASHINGTON, D. C., March 31.—The President to-day directed the allotment of lands in severalty to the Indians of the Warm Springs reservation in Oregon. This is the first action taken under the Indian Land Severalty act, which was passed by the last Congress. Under its provisions the Surveyor-General of Oregon will have to survey a sufficient quantity of land to give each head of a family 160 acres; to each single person over eighteen years of age, eighty acres; to each orphan under eighteen years of age, eighty acres, and to each other single person under eighteen years of age, forty acres. The distribution is made to male and female alike. Each Indian will receive a patent to his land, which shall be of legal effect and declare that the United States will hold the land thus allotted for a period of twenty-five years, in trust, for the sole use and benefit of the Indian or his heirs, and that at the expiration of this period the United States will convey the land in fee.

A SCOURGE.
Quarantine Established at El
Paso to Guard Against Cholera.

EL PASO, Texas, March 31.—The Republican's special says: Quarantine has been instituted here to-day against cholera. Cholera has traveled north from South America until it has reached the Isthmus of Panama. It is feared the Mexican Central train may bring it into the United States. All persons, baggage and freight from infected ports will be denied admittance to the United States. All mail from the cholera-infested points will be disinfected before being received into the United States.

Killed for Refusing a Meal.
SAN FRANCISCO, March 31.—Chinatown was again the scene of a murder late last night. Cong Peng, said to be a highlander, entered a restaurant at No. 830 Washington street, kept by Leong Chung, and on being refused a meal demanded by him, drew a revolver and fired at Chung. The bullet entered the latter's head, and he died there at 1 o'clock this morning. Cong fled immediately after the shooting and was not found until 2 o'clock this morning. He is now in prison, charged with murder.

Activity in San Jose Real Estate.
SAN JOSE, Cal., March 31.—There is great activity in real estate to-day. The sales amounted to \$142,500. Charles Schelle bought Fair Oaks Villa, containing 175 acres, for \$40,000.

An Editor Takes Morphine.
FRESNO, March 31.—Hugh J. Bralley, formerly proprietor of the *Tombstone Democrat*, in this Territory, committed suicide this afternoon by taking morphine.

A CHIEF THRASHED.

The Consequence of Which May Be Disastrous.
ALBUQUERQUE, March 31.—News has been received here of a quarrel between the Navajo and Zuni Indians at Defiance. A day or two since a Navajo brave and a Zuni warrior quarreled over a small matter in the trader's store, and while fighting on the floor Chief Manuileto, of the Navajos, took away the pistols of both to prevent bloodshed. The Zuni Indians took this as an insult, and left, threatening Manuileto. After leaving the store, Manuileto was followed by the Zuni, who dragged him from his horse, and finding the Chief unarmed, gave him a thrashing. When the news of the indignities offered to their Chief reached the Navajos they formed a pursuing party and went for the Zuni. There were now about 500 of both tribes on the ground and recruits for both parties are rapidly coming in. Unless troops from Fort Wingate, a hundred miles away, reach the scene at an early moment, bloodshed will be inevitable, and the settlers fear that should there be a battle the victorious tribe will be so elated that they may attack the whites.

CAPITAL TURF CLUB RACES.
The Date of the Meeting Set for
May 3.

SACRAMENTO, March 31.—At a meeting of the Capital Turf Club held this evening the date of the opening spring races was fixed for May 31, to continue five days. Entries will close on the night of April 16th. All betting privileges will be let to the highest and best bidder. There will be two days of running, two days of trotting and one of running and trotting. Indications are exceedingly favorable for a successful meeting.

BIG REWARD
For the Apprehension of a Brutal
Murderer.

NAPA, March 31.—Herman Lyons, the husband of the late Mrs. Millie Lyons, who was murdered, returned home after a long search for Peter Olsen, his murderer. He will rent or sell his land and start again. He offers \$700 reward for the capture of Olsen, making \$2300 in all that is offered.

Three Boys Burned to Death.
FORT BOWELL, Cal., March 31.—The house of J. B. Bolin at Cedarville, in this county, was burned last night and with it three boys, children of Bolin, aged respectively 7, 10 and 15 years. Bolin was absent at the time. His wife severely injured herself in trying to rescue the boys and is in a precarious condition. Two daughters who were in the house when the fire broke out, escaped uninjured.

They Will Decide Next Week.
SACRAMENTO, March 31.—The commissioners who have been traveling over Northern California to select a site for large shipments East. One firm shipped one hundred and fifty thousand gallons of wine in the past month.

Large Shipments for the East.
NAPA, Cal., March 31.—In anticipation of the increase in freight rates, by reason of the Interstate Commerce bill, wine-makers and wool-farmers are making large shipments East. One firm shipped one hundred and fifty thousand gallons of wine in the past month.

Probably Too Much Beer.
SAN FRANCISCO, March 31.—S. Kammer, proprietor of the Colusa Brewery, situated on the bank of the river, got up about 3 o'clock this morning and walked over the bank into the river and was drowned. It was done in a fit of delirium.

DESPERATE Nihilists.
The Czar's Death Merely a Question
of Time.

NEW YORK, March 31.—The *Star's* Berlin special says: "They are hunting the Czar close and may soon end the race. Dispatches received from other sources confirm the report telegraphed from St. Petersburg that a well-planned and desperate attempt has been made to kill the Czar. Nihilists say that the Czar has been banished to Gatchina, which is now his prison, and the prison is so large that he cannot escape. They declare that they have sentenced him to death, and that his death is only a question of time. Except the statement that this latest attempt on His Majesty's life has failed, no particulars of the affair have been received. London dispatches to the Prince of Wales confirm the reported attempt on the Czar's life.

Bad News About Ben Ali.
NEW YORK, March 31.—The *Sporting World*, in an editorial, says: "Our Monmouth Park letter contains very bad news for the admirers of Ben Ali. I don't suppose there were a dozen persons, outside of Haggin's stable, aware of the fact that the colt bred several times last fall, and that that was the reason why he was not raced late last fall. There is no doubt it is the truth. Of course the horse has had good preparation for one thus afflicted, but very rarely have such animals been able to undergo the severe work necessary to prepare them for a race like the one under. This trouble allied Joe Cotton last year. It can be alleviated, but very rarely cured. I am compelled to state that the chances against Ben Ali's winning the Suburban are strengthened 50 per cent. He is looking and doing very well at present, but as he has had no really strong work, his trouble has had no chance to show itself. The stable's hopes depend entirely upon Queen."

A Uniform Charge on Baggage.
CHICAGO, March 31.—At a meeting of the Western States Passenger Association to-day it was decided to make a uniform charge on excess baggage with that adopted by the Eastern lines, namely, twelve per cent. It was also agreed to continue second-class rates between Chicago and St. Paul, Minneapolis and Lake Superior points and sell excursion tickets to the Pacific Coast, adding thereto the usual excursion rates from Chicago. The Railroad Association held a meeting to-day to arrange for putting into Western rates sheets the differential passenger rates allowed by the Chicago and Grand Trunk. Hereafter on travelers buying tickets at Chicago could take advantage of the \$1.50 less per ticket over that road, as outside agents were not allowed to give the difference, but hereafter it will be available from all points west.

Expected Appointments in
the Treasury.

HARRISON WILL NOT ACCEPT.

The Vigilance of a New York Post-
Office Inspector Causes the
Arrest of a Thief.

Associated Press Dispatches to the HERALD.

WASHINGTON, March 31.—The revised estimate of the public debt for March makes it about \$11,500,000.

It is now authoritatively announced that the following appointments will be made tomorrow: Secretary of the Treasury, Chaas. F. Fairchild, of New York; Assistant Secretary of the Treasury, Isaac H. Maynard, of New York.

Mr. Maynard is the second comptroller of the Treasury, having been appointed to that position by President Cleveland on June 1, 1885. He has made an excellent record in that position. At the time of his appointment, Judge Maynard was first deputy Attorney General of New York. Two years prior to his appointment to the Federal service, he was the Democratic candidate for Secretary of State of New York, but was defeated owing, it is said, to his prohibition record.

CARTER HARRISON
For the Third Time Refuses the
Nomination for Mayor.

CINCINNATI, March 31.—The Labor party claim that they will elect their municipal ticket next Monday. They figure on polling 22,000 votes, which is not impossible, and this would enable them to defeat both the old parties.

CHICAGO, March 31.—When the Nominating Committee assembled this evening Carter Harrison entered the room alone. After hearing the committee's report, which was to the effect that they could find no one to champion the cause of Democracy, Harrison arose and for the third time declined the nomination outright, before renouncing his seat, he said that if the Republicans would withdraw Roebuck, and put on their ticket Carter Harrison, he would beat Nelson 30,000 votes and thus save the city from a socialist Mayor, as the papers choose to style him.

"You cannot ask Harrison to lead a forlorn hope," cried the Mayor, "when Harrison runs he runs to win, but not to elect Mr. Roebuck. If the citizens of Chicago, irrespective of party, should say to him to run, he would do so." Harrison left the room. A member of the committee then moved the appointment of an executive committee of five to confer with the representatives of citizens organizations. The motion was carried, and the Democracy adjourned sine die.

THE PROMPT ACTION
Of a Postoffice Inspector
Prevents a \$10,000 Steal.

NEW YORK, March 31.—At an early hour on Wednesday morning, the superintendent of the pouch room of the registry division of the New York postoffice, was startled at the discovery that a package which had arrived late on Tuesday night in pouch No. 606 from Portland, Oregon, containing \$10,000 in currency was missing. He had checked the package off sometime before and he could not imagine where it had gone, as no one was in the office except the clerks, 180 in number. The Superintendent telegraphed for United States Inspector Dwyer, and detained the clerks until Dwyer arrived. Dwyer took the clerks into his office, and as his subordinates were away he sent for Geo. F. Bangs, of the Pinkerton agency, to come and help him. The clerks were examined one by one at the time, and the examination continued all day, through the night and until early this morning. Suspicion pointed in the direction of Wm. A. Clarke, a clerk who has been in the Department about five years. He was examined last night. For a long time there have been rumors in the Department and over sixty packages and letters have been stolen. Clarke is a married man and lives in Brooklyn. He was accused of stealing several of the missing packages, but he stoutly denied his guilt. At noon to-day Inspector Aditt made another search of the registry office and found the package secured beneath some rubbish in the bottom of a closet. It was from the First National Bank of Portland, and was addressed to the Chemical National Bank of this city. It was delivered to the bank office and the contents found intact. The inspectors had Clarke locked up in a room, with them, and told him the package had been found, and that he had enough evidence to convict him of the theft. Even then Clarke would not acknowledge that he had taken it. Finally, in the afternoon, he called Inspector Dwyer to him and told him that he had stolen the package and that he had stolen the other fifty packages that had been missing from time to time for three years. He said he had committed the thefts to pay his debts. He was addicted to drinking and had gambled some. He could not say how much he had stolen, but it was supposed that he had taken between \$4000 and \$5000. Clarke, after he made his confession, was taken from the Ludlow-street jail. He will have his examination to-morrow before the United States Commissioner.

March Arrests.

The following is the record of arrests during the month of March: Battery, 3; fighting, 17; drunk and disorderly, 81; drunk; 9; gambling, 9; petit larceny, 8; grand larceny, 4; prostitution, 62; burglary, 2; violation of city ordinance, 40; vagrancy, 22; begging, 1; medical treatment, 8; on suspicion, 5; lost children, 2; carrying weapons, 1; visiting what he has in the shape of a ledge four feet thick and of vast extent. When he has taken out a few millions he will probably be called a well-to-do miner. The Bonanza mine in the same ledge took \$20,000 in two years, but the Colonel will not stop at that. What he has in the shape of a ledge is a beggarly figure by the standards of his class. Like a shrewd business man that he is, he takes the *HERALD* and always pays in advance.

The Palace.

W. E. Curry has purchased the popular Palace saloon in the Temple Block and has already begun many improvements. Mr. Curry is a saloon man of vast experience and knows good liquor when he smells it, and consequently his customers can always rest assured of getting the best brands of all beverages brought to this country. Frank R. Day will retain his position as the resort and beam affably upon patrons as of yore.

Six Per Cent. for Ninety-Nine
Years.

NEW YORK, March 31.—The *Mail and Express* says to-night: The lease of the Oregon Railway and Navigation, though approved by the Union Pacific stockholders, has not yet been signed and it has yet to be permitted. President Elihu Smith is reported as anxious to dispose of his Oregon and Transcontinental holdings, and there are several details yet to be arranged. The story is now that some arrangement for the trust will be divided, but that the stockholders will be assured 6 per cent for ninety-nine years.

Star Routes in San Diego.

WASHINGTON, March 31.—Star route changes have been ordered as follows: San Diego to Temecula station, from April 1887; an increase of service to twice a week from San Diego to Escondido, thirty-six miles.

A Foot Passes Away.

ALBANY, March 31.—John Godfrey Saxe, the poet, died here to-day. The burial will take place in the Greenwood family lot in Brooklyn.

PUBLIC IMPROVEMENTS.

The Substantial Views of Mr. E.
Cohn.

EDITOR *HERALD*.—By special request I hereby express my private opinion what ought to be done by the authorities in power to make Los Angeles City the place we are all anxious to see it. I can conceive of nothing better calculated to advance the public confidence than the authorities to proceed at once to ascertain the best plan to provide sewers large enough for the wants of a city, say, of 100,000 inhabitants, to-wit: Build two main sewers through the city from the river to the race track in places selected by the City Engineer, and build one on the other side of the river to accommodate East Los Angeles and Boyle Heights.

2. Build the city hall at once on the lot bought by the City Council or on any other place, but by all means build one at once.

3. Remove Chinatown from its present location.

4. Pave the streets with granite blocks from Marchessault street to Sixth street, at least Main, Spring and Los Angeles street, and all the cross streets.

5. Build necessary school houses.

6. Provide for the city recreation grounds, in different parts of the city, and improve them.

All these improvements cannot be made except by the issuance of bonds, and I am satisfied when the people will be convinced that the authorities are in earnest about it, the people will vote the bonds. The city will be beautified by it, and taxable property will be created to help pay the interest and sinking fund for bonds issued; for example a railroad franchise which is assessed now for a nominal sum, can be assessed on a paved street at least for \$7000 or \$8000 per mile, and so on.

7. Water and gas mains ought to be examined and enlarged as the wants of our city now demand, if the companies refuse to make the necessary enlargements, let the city proceed and purchase the old water works and gas works and run them themselves, and improve them to such an extent as the public wants require. When the city once owns the franchises she will be able to furnish water to chambers at half price what they are paying now, and will pay for the interest on the bonds.

I believe that \$500,000 annually for the next five years ought to be expended on public improvements, and then we will only keep pace with the march of improvements. B. COHN.

A Strange Scene.
To-day the sale of lots in the city of Azusa commences. The maps were issued yesterday, and everybody selected his lot. Foreseeing a rush the company decided to open books and register all who came and then serve them with lots in the order of registration. A man was stationed at the door of J. S. Slauson's office, last night for that purpose and at two o'clock this morning there were over fifty men and boys in line.

Half the men and boys in town were there and by registering among the first secured a rich harvest. One boy named Sams sold his place or number for \$100. The man who had the numbers three was offered \$500 for his place and refused it. It was a strange scene and outdid the line of people who came in front of a box office when a sale of opera tickets is to begin. Four men sat at the door playing cards and the rest of the people amused themselves in different ways. If anybody thinks the bottom has fallen out of the boom let him drop into the hallway of Slauson's office before ten o'clock this morning. At that time the office opens and the sale begins.

Mining Intelligence.

Colonel R. P. Kerr, of the Perseverance mine, in Providence Mountain, is at the St. Elmo. The Colonel is a prospector of a quarter of a century in California and other States and Territories. He is now running a five-stamp mill on Providence Mountain in San Bernardino county, sixteen miles north of the A. & P. railway. A list of his assays shows one of \$15.07 in gold per ton and \$5.20 in silver, a total of \$20.27. Another of \$15 in gold and \$7.33 in silver, making \$22.33 per ton, while the richest of all is a ledge that pans out \$406 in gold and \$3797.33 in silver, making over \$4200 per ton. Colonel Kerr is not borrowing any money and has no debt, for, what he has in the shape of a ledge four feet thick and of vast extent. When he has taken out a few millions he will probably be called a well-to-do miner. The Bonanza mine in the same ledge took \$20,000 in two years, but the Colonel will not stop at that. What he has in the shape of a ledge is a beggarly figure by the standards of his class. Like a shrewd business man that he is, he takes the *HERALD* and always pays in advance.

To Abolish Irish Holdings.

LONDON, March 31.—In the House of Lords to-night Earl Cardigan (Conservative) presented a bill providing for the purchase of Irish holdings, or in other words, for the abolition of the system of ownership, created by the act of 1881.

Cooly Elected Chairman.

WASHINGTON, March 31.—An informal meeting of the Interstate Commerce Commissioners was held to-day at which Judge Cooley was elected chairman. The secretary has not yet been selected.

The first business that will come before the Board after its organization will be the fixing of the time and place for hearing the questions to be submitted by M. P. Smith, Vice President of the Louisville and Nashville Railroad and Virgil Power, General Commissioner of the pool route for the Southern Railway Steamship Company. These questions relate to the long and short haul provision of the Interstate Commerce act, as it applies to the railways of the Mississippi river south of the Ohio and west of the Ottawa.

Released Once More.

SACRAMENTO, March 31.—Ed J. Smith, ex-Clerk of the Assembly, was brought to this city last night from San Francisco by Officer Sullivan, on a warrant issued by J. B. Atwood, of this city, charging him with obtaining money by false pretenses. He had a trial before Judge Stanley in the police court this morning and was discharged, the evidence not being strong enough to convict.

Sale of Stewart's Brick- and Brac.

NEW YORK, March 31.—The Stewart sale was concluded to-night with the disposal of the remainder of the library. The grand aggregate is about \$600,000.

The Steamer Eagle and
Her Crew Lost.

VICTORIA'S TRIP TO CANNES.

Henry M. Stanley's Expedition in
Africa Meeting with Success.
Germany's Aggressiveness.

Associated Press Dispatches to the HERALD.

ST. JOHN, N. S., March 31.—The reported loss of the steamer *Eagle* is confirmed by the discovery of some wreckage in Buenavista Bay. The crew numbered 250 men, and there is nothing to show that anyone was saved. The steamer was lost on the shoals near Funk Island, off Buenavista Bay. Debris comprising the deck ladders, forecastle deck and cooking gear, with the steamer's name, were found on the beach and the inhabitants are now looking for bodies. Most of the lost seamen lived in and about St. John, and the excitement and grief here is intense. The *Eagle* was a large sailing steamer, commanded by Captain Jackson, and owned by Messrs. Bewing Bros.

HER BRITISH MAJESTY
Delayed on Her Trip to Cannes
by a Slight Accident.

LONDON, March 31.—Queen Victoria's arrival at Cannes has been delayed to-day by a slight accident to the train conveying her thither. She will reach Cannes to-morrow. The British men-of-war *Thunderer*, *Colossus*, *Agamemnon* and *Dreadnought*, with the Duke of Edinburgh and the Prince George of Wales on board, lie at anchor in the bay at Cannes, awaiting Her Majesty's arrival.

STANLEY IN AFRICA.
The Aggressiveness of Germany
Considered Ominous.

LONDON, March 31.—A letter has been received from Stanley dated Capetown, March 9th. He expresses bewilderment at the constant evidences he sees of the British yielding and shrinking in Africa before noise, bluster and mock heroics. "In the west and north," he says, "France and Portugal have strode with audacious and frantic haste to exclude the British trade. Now I come to Zanzibar and find that the British fleet has given way to the German, and that the Germans order out a number of British subjects. There is an aggressiveness about the Germans that is ominous. Their manner is haughty and overbearing, and carries an air of 'you must' with it. The natives look on in wonder while the British affect superb indifference. I found Tippoo Tib, the uncrowned King in the region between Stanley Falls and Tanganyika Lake commanding a thousand fighting Arabs. He was equally ready to fight, or to be carried off. I chose the latter, not with the view of getting him to help me to reach Emir Bay, but to assist in bringing away the Emirs store of ivory which is the value of £80,000. Through the British Consul I contracted with Tippoo Tib to supply me with 600 carriers. I also, after receiving the consent of King Leopold (of Belgium and the free State of Congo), appointed Tippoo Governor of Stanley Falls at a regular salary. He guarantees to defend the station against the Arabs and to defend and capture all persons raiding for slaves and to abstain from engaging in any slave traffic himself below Stanley Falls. A European officer will be appointed resident at Stanley Falls to insure the adherence of the contract and to stop Tippoo's salary on the probable date of our arrival. So far there has been no hitch in the expedition; everybody shows the utmost sympathy and our difficulties have been smoothed by the prevailing good feeling. I have sent a letter to Emir Bay giving him the probable date of our arrival. Tippoo Tib has ordered his people to concentrate at Stanley Falls in readiness for marching.

REMOVING OPPOSITION
By Abandoning Measures Ob-
noxious to the Unionists.

LONDON, March 31.—The Cabinet has decided to abandon the clause in the Irish Criminal bill for the changing of venue from Dublin to London in certain classes of criminal trials, thus practically removing the greatest cause of the Liberal-Unionist opposition to the bill. The National Liberal Federation has issued a summons for a meeting to be held on April 6th for the purpose of denouncing the proposed Irish coercion measures.

OFFICER HATHORNE.

The Grounds on Which He Was
Suspended.

The report that the Police Commissioners had suspended Officer Hathorne until May 1st, with loss of pay from the date when he was first taken with the emallpox, proves true. Charges were preferred by Health Officer Hagan against Hathorne for insubordination in refusing to be removed to the smallpox hospital. Dr. Hagan testified as follows: The second time I saw Mr. Hathorne I urged him to go to the pest-house. I explained to him the damage he was doing. That proper provision would be made for his comfort. I was impressed with the idea that he would go. This was Sunday evening. Monday evening I went with an ambulance and he positively refused to go.

Q. By Mr. Br. ed. Did you impress on him that his duty as a police officer would compel him to go?

A. Dr. Hagan. I certainly did.

Q. Mr. Br. ed. Was he in a condition to be moved without danger at that time?

A. Dr. Hagan. I consider so.

Q. Mr. Workman. Did you explain to him the effect it would have on others if he, a police officer, refused to go, and the difficulty it would cause in removing other patients to the pesthouse?

A. Dr. Hagan. I did so explain.

Q. Mr. Br. ed. Did you consider a tent as safe, in this case, as the hospital, and did you so inform him?

A. Dr. Hagan. I most certainly did.

Q. N. Hathorne, sworn and testified: Q. Mr. Br. ed. Would you consider it your sworn duty to do all in your power to prevent the spread of the smallpox?

A. Mr. Hathorne. Yes, sir.

Q. Mr. Br. ed. Are you aware that every police officer is an ex officio health officer?

A. Mr. Hathorne. I am.

Q. Mr. Br. ed. What would your advice be to a party who knew had the smallpox as to whether they should go to the pesthouse or not?

A. Mr. Hathorne. I would not advise them to go to a tent.

Q. Mr. Br. ed. You would not say to anyone that the law could not compel them to go to the pesthouse?

A. Mr. Hathorne. No, sir.

Q. Mr. Br. ed. Do you consider that you have acted in this matter as you would have advised anyone else to do?

A. Mr. Hathorne. Yes, sir, I do.

Dr. Barker, sworn and testified: Was called to see Mr. Hathorne Monday evening. Knew he had the smallpox. Did not advise or influence him as to his actions in regard to his removal to the pesthouse.

WHAT HATHORNE SAYS.

"Dr. Lindley attended me for two days, until he found what the disease was. On Sunday morning he notified the Health Officer, Dr. Hagan, who came down to see me. He told me they could not take me out to the Pesthouse and that there had been no place at all there for two days. He said the pesthouse was nothing more than a barn and that it was filthy. On Sunday morning he said that if I could have my brothers attend me and if they would put up a tent for me out there, it would be better than going to the pesthouse. I had no chance any way to have tent put up. How could I get out and have tent put up when I was quarantined and allowed to see no one? When he came on Monday I asked him if there was any law that required me to go to the pesthouse. He answered 'no, there is none.' He acknowledged this before the Commissioners.

He told me he had a tent already for me to go into, but I told him I did not consider it safe to go in a tent. Dr. Barker's testimony before the Commissioners shows that a tent was not a fit place to go in, that it was not a pesthouse, but that it was a barn and that it was filthy. On Sunday morning he said that if I could have my brothers attend me and if they would put up a tent for me out there, it would be better than going to the pesthouse. I had no chance any way to have tent put up. How could I get out and have tent put up when I was quarantined and allowed to see no one? When he came on Monday I asked him if there was any law that required me to go to the pesthouse. He answered 'no, there is none.' He acknowledged this before the Commissioners.

Now it will be seen from the above statement that Dr. Hagan delivered other testimony before the Commissioners that is in the record book of the proceedings of that body as kept by Clark, the Clerk. Both were present at the examination. Hathorne says Dr. Hagan testified to certain things, but Clark's record does not show it. As that is so, the *HERALD* stands by this plain proposition. Hathorne caught the smallpox while on duty as a police officer of this city; he lay sick of that disease for some time and was prevented by reason of that illness from performing his duty as a police officer, and the city should pay him for the time he was sick. Let the Commissioners do anything to Hathorne, now, that they see fit, but do not deprive the man of his pay for the time he lay sick of a disease contracted in the service of the city. There is too much of the man about every member of the Police Commission to treat a person in their employ in such a manner, and they should act manly in this matter wherein the city is concerned. In such esteem Hathorne held by the police force, and so keenly felt the injustice done him that the members are going to raise a fund to reimburse both Hathorne and Grubbs for the pay which the Commission deprives them of. Right is right, and man and man, and the Commissioners have acted unwisely in this matter. It is believed that there are enough just men in the Council to rectify this mistake of the Commissioners.

As to Officer Grubbs, who was suspended for influencing Hathorne not to go to the hospital, the following is Hathorne's sworn statement: "Mr. Grubbs had no influence whatever on me in regard to my removal. He did not advise me at all. He told me that if I did not choose to go they could not compel me to go."

This should clear Grubbs, as Hathorne ought to know by whom he was influenced.

There is plenty of precedent for allowing these men their salaries. Officer Jackson's horse stepped in a hole and broke its leg, and the city paid for it. A man named Moore, in the employ of the city, fell off a house and injured himself, and the city paid his wages. One of the city sewer hands was hurt and the city paid their wages. Officers Methvin, Lemon and others were sick from vaccination, and their pay went on. There is considerable feeling about this matter, and it is hoped that the Commissioners will rescind their action before it goes to the Council.

Florida Falsehoods.

A prevaricator by the name of G.
B. Lewis writes the following letter to
the Florida Times-Union from this city:

LOS ANGELES, Cal., Feb. 27, 1887.

To the Editor of the Times-Union:

Seeing the enclosed article in the
Evening Bulletin, of San Francisco,
on California and Florida, and differ-
ing so materially with him in his
views as to Florida and California as
winter resorts, I should like to give
you my views after an experience of
the last two months in Southern Cali-
fornia. As compared with Florida, it
is not a winter resort in any sense of
the word.The excursion rates are very low
from the East this season, and people
are here sight-seeing and not winter-
ing. A large share of them do not
stay here here. I think fully one-
half have already gone north. San
Francisco, Salt Lake, Colorado, etc.,
are just as much on the programme
as Southern California.I have wintered in Florida two
winters. I was there when she got
the cold black eye. I am fully satis-
fied that that extreme cold was an
exception. Here they had a killing
frost in November, and they fear
April as much as any month in the
year for frost. From 25 to 30 per
cent of their oranges are frozen.
And the oranges here have no flavor
or odor. You can go into an orange
packing house blindfolded, and you
cannot tell whether they are packing
oranges or apples from the odor.I think there has been a frost at
least thirty days out of the sixty I
have been here. Yesterday and to-
day are the first days the thermom-
eter has been above sixty in the warm-
est part of the day; usually it ranges
from thirty to fifty. When it does
not rain (which is the most of the
time) the dust is terrible. I enclose
you a printed slip describing the mud.I do not think the people will take
a journey of from six to ten days each
way to winter here when snow is in
sight of you all winter, when you can
reach Florida in from forty to forty-
eight hours.It rained here this month ten days
out of twelve, washed out six bridges
here; no cars or mails for three days.
I have met so many people that have
wintered in Florida that express them-
selves so much in favor of Florida.
In fact I have not met one that
prefers it here. I heard of one that
did, but he was a doctor, and said
he could do much better here. And
I think he can, as it is very sickly
all through here this winter. They have
typhoid fever, scarlet fever (epidemic
in some places), diphtheria, measles
and smallpox. The Board of Health
says twelve cases they know of. You
can figure for yourself how many
there are they do not know of.This great advertised country is
only a strip about fifteen miles wide
by one hundred miles long, and this
concentration of tourists in this strip
has turned the heads of some of
them. As to the hotels, their charges
are just as high as in Florida, and
they are not near as good. I have
sampled them and know whereof I
speak. The New Everett, of Jack-
sonville, is as large as any three of
their largest here put together.It is barely possible that some one
may believe these wild statements, but
the average American citizen
knows the utter falsity of the asser-
tions therein contained. As to the
frosts in November they cut a very
small figure in the State. The tem-
perature for November, according to
the records of the United States Sig-
nal Service, is as follows: Highest
temperature, 84 degrees; lowest tem-
perature, 44.1 degrees; mean temperature
for November, 1886, 56.6 degrees.
This does not indicate much frost,
and as for April frost it is once only
in a decade that frost is seen in this
country in that month, and then only
in the low lands, where it does no
manner of harm. As to the destruc-
tion of 25 to 30 per cent of the orange
crop by freezing in the early winter
the statement is wildly untrue. In
the whole citrus land of Southern
California, three hundred miles long
by thirty miles wide, there was a
single streak of frost through a por-
tion of Riverside that injured a small
fraction of their fruit; but Riverside
is but a trifling decimal fraction of
Southern California, and the few in-
jured there were on a strip half a
mile wide and seven miles long, at
the outside estimate. This area is so
small as not to be taken into account.The whole area in which there was
frost to injure oranges was about
three and a half square miles out of
3,750,000 acres, where there was no
frost to injure the fruit at all. The
assertion that there had been a frost
thirty days out of sixty is met by the
records of the United States Signal
service, previously given for Novem-
ber above, while the following is the
temperature for December: Mean
temperature for month, 55.7 degrees;
highest temperature, 84.8 degrees for
two days; lowest, 37.3 degrees, forto the statement that the tempera-
ture only rose to sixty twice in a
month, the records show that the
lowest maximum temperature was
58.5 degrees for one day in Decem-
ber, ranging from that figure up to
84.8 degrees during this usually the
coldest month of the year. As to the
rainfall which Mr. Lewis speaks of as
being nearly all the time, the records
of the rainy season show one rainy
day in November (the 23d) and ten
showery days in February, making
eleven days on which rain fell in the
past six months, or 180 days. This
is what Mr. Lewis says is most all
the time. Where he was the rest of
the time (169 days) is not known.The January temperature in Los
Angeles was: Highest, 79.6 degrees;
lowest, 33.1 degrees; average tem-
perature for the month, 57.1 degrees.
For February the highest was 81.5
degrees; lowest, 35.4 degrees; aver-
age, 51.6 degrees. The month of
March will be made up to-day and
will show about six degrees above
February. As to the odor of Califor-
nia oranges, any man who can go
into an orange packing house and not
smell the odor of the fruit must have
lived so long in Florida that the
catarrh had destroyed his olfactory
organs if he ever had any. As to the
size of hotels, if the New Everett at
Jacksonville is three times as large
as the Raymond or the Nadeau it
must have grown greatly within a
few months. Every statement of this
prevaricator is a miserable falsehood.

Slightly Mistaken.

The San Bernardino Daily Courier
has a very kindly notice of an article
about San Bernardino in the ILLUS-
TRATED HERALD, to which the remark
is appended: "Our people have often
complained that the HERALD studi-
ously ignored San Bernardino and
kept it in the background." The
above sentence is most unfortunate, as
it reveals the fact that the author does
not read the HERALD, or else is un-
fortunate in memory. The writer of
this article for the past thirteen years
has written more in favor of San Ber-
nardino city and county than all the
editors of the San Bernardino Daily
press put together. No settlement
has been omitted a mention in these
columns, no mining camp escaped
notice, no public improvement
has been neglected a presentation
in the columns of the HERALD. The
writer has climbed the mountains and
tramped the inhospitable deserts of
that imperial county for many a year
in order to set forth the vast resources
of the country to the world at large.If the editor of the Courier had read
the DAILY HERALD for even three
months past he would have found
ample evidence of the truth of these
statements. He would have also
found some complimentary allusions
to himself and his journal, for which
he responded by a most unnecessary
vilification of the HERALD. It is to
be hoped that this shortness of
memory may not become chronic in
the warmhearted editor of the Courier.
The HERALD is neither sectional nor
clannish. It is a journal for the peo-
ple, a metropolitan publication for
everybody, in which anybody can
find something of interest and value
to the human race. The most char-
itable construction to be put upon
the remarks of the Courier is to sup-
pose that the accomplished editor
has been so busy in his successful
career that he has not had time to
read the metropolitan DAILY HERALD.

MEDICAL INHALATION

Combined with Constitutional Remedies.

OUR TREATMENT OF THE DISEASES

OF THE RESPIRATORY PASSAGES consists in

the employment of Medical Inhalation for

its direct effects on the diseased organs;

and, at the same time, adopting such hy-

gienic measures and administering such

medicines by the stomach as will most ef-

fectually purify the blood, give tone to

the nervous system, and build up and

strengthen the general constitution. In

other words, we employ combined local

and general treatment.

What is Medical Inhalation? Before

stating briefly what Medical Inhalation is,

we propose, in as few words as possible,

to state clearly what it is.

Medical Inhalation is not a cure-all,

a nostrum, or a panacea. It is not a specific

remedy for any one disease, but it is a

remedy for all diseases of the respiratory

passages, and it is intended to fill the

lungs with a pure, invigorating, and

salubrious atmosphere. It is not a

treatment of the lungs, but of the

entire system. Medical Inhalation is

not a new discovery, but an old one.

It is a treatment of the lungs, and

it is a treatment of the entire system.

It is a treatment of the lungs, and

it is a treatment of the entire system.

News Notes.
Rev. Dr. Schreiber will lecture this evening at 7:30 o'clock in the Synagogue in German.

One case of smallpox was reported yesterday at No. 15 Downey avenue. It was reported by Dr. Davis.

The Pacific Fruit Grower, of Messrs. Baymer & Brook, is on the press and will be issued in a few days.

The Police Commissioners yesterday discharged Dan Lynch from the force for conduct unbecoming an officer.

Charles L. Batheiser, Esq., has been appointed by Judge Cheney receiver of the vast Nordholt estate, which is in litigation.

The Supervisors have acted on the suggestion in yesterday's HERALD and offered a reward of \$250 for the apprehension of El Hammond.

An entertainment entitled a "Japanese Wedding" will be given at Armory Hall tonight by the Y. W. C. T. U. for the benefit of the news boys, free night school.

Rev. J. W. Ellis was yesterday arrested by Deputy Sheriff M. A. Decker for polluting a zanja. Ellis ought to be ashamed of himself for doing such a thing.

Every city of respectable size allows its Mayor a secretary, and Los Angeles should do the same. The matter will come up before the Council on next Monday.

Mrs. Parker, from England, will be at the annual meeting of the Central W. C. T. U. this afternoon at 2 o'clock in the M. E. Church South, Fort street, near Fifth.

An entertainment will be given this evening at Bryson Hall by Stanton Relief Corps No. 16. An excellent program is announced and refreshments will be served.

The railroad officers here yesterday received telegrams to shut down on the ticket scalpers. This will throw several well dressed young men out of employment temporarily.

The young ladies of Asbury M. E. church will give a flower social this evening for the purpose of increasing their Sunday-school library fund. Ice-cream and cake will be served at 25 cents a dish.

Mr. E. E. Hall, one of the directors of the Asiana Land and Water Company, was yesterday offering to bet that there would be a sale to-day of \$250,000 in city and suburban lots in the city of Asiana, without takers.

County Tax Collector El Hammond having failed to comply with the law in neglecting to turn over the funds of the county, to the Auditor, for the month of March, 1887, has forfeited his right to the office, which is now vacant.

Judge Cheney yesterday ordered that H. D. Walker be imprisoned in the County Jail for contempt of court in refusing to pay \$150 to his wife for her support during the pending of the trial for divorce, and that he stay there until he pays said amount.

E. T. Wright, one of the trustees of the Cosmopolis Land and Water Company, arrived home on Wednesday evening. He reports the new city on a boom, with a 2000 side-track, a lumber yard, three houses and a hotel under contract. Fifty houses will be erected when the railway is opened.

W. T. Carleton's opera company will open at the Grand Opera House on Monday, and the sale yesterday indicates that a good business will be done. The repertoire includes *Erminie*, *Nanon*, *Mikado*, *Les Diamants* and *The Dream*. Major's Daughter, with entirely new scenery, painted by Wilkins, for the Mikado.

With a firm belief that Chinatown will be abolished and Los Angeles street opened, the great hardware firm of Montague & Co., of San Francisco, has leased the property of Ivar A. Weid, on that street between Regena and First streets, on which they will erect immense buildings for their storerooms and manufacturing. Steadily and peacefully the center of trade drifts southward.

M. Whaling, Esq., and others are now organizing an Irish Literary and Social Club, for the purpose of mutual improvement to perpetuate the memory of the great National bard of Ireland, Thos. Moore, and last but not least to foster and encourage a spirit of liberty and sympathy with Ireland, in this hour of gloom and distress inspired by English Legislation. The objects are truly worthy and deserve sympathy and success.

Personal Mention.

Frank W. Marston, of San Francisco, is in the city.

F. A. Miller and wife, of Riverside, are in the city.

Mr. W. S. Bender, of St. Louis, is at the Nadeau House.

Mr. C. H. Smur, of the S. P., returned from San Francisco yesterday.

George Rice, Secretary of the Orange Growers Association, went north yesterday.

Mr. A. A. Courtney, of the Russ Lumber and Mill Company, is at the Nadeau.

Mr. C. H. Miner, Passenger Agent of the G. H. & S. A., at El Paso, is visiting Los Angeles.

Mr. C. F. Holmes, a young attorney of Knoxville, Tenn., is in the city, a guest of Major R. W. Jones.

J. M. Scanland, formerly editor of the *Morning Hour*, of San Bernardino, has just returned from a lengthened visit to his former home in Louisiana.

Mr. K. M. Ham is happy in the arrival of his father and mother and sister and three brothers from Canada. They will make their homes in this city.

Hon. J. Marion Brooks, the newly appointed District Attorney for the Southern District of California, will arrive in this city to-morrow. He will immediately qualify and take possession of his office. Mr. Brooks will be a welcome addition to Los Angeles legal circles.

The HERALD is indebted to Judge R. R. Carpenter, of South Carolina, for a

pleasant call. The Judge has held the office of Circuit Judge and also of Supreme Court Judge in the Palmetto State, but finds Southern California the land of promise and expectation. He will locate in the HERALD building for the practice of his profession, and gives an enthusiastic recommendation to this country as a land of happiness and health.

CRIMINALITIES.

Record of Matters Interesting to the Police.

The case of criminal libel against Messrs. Thornton and Stephens, on examination before Justice Tancy, was continued yesterday until next Thursday, owing to the absence of G. Wiley Wells.

The charge of aiding and abetting an attempt to commit murder, against Maria Goyheusch, preferred by her husband, in Justice Austin's Court, was dismissed yesterday, upon motion of the District Attorney. The case of John Goyheusch, charged with battering his wife Mariana, came up, but a change of venue was granted.

David Dillon, the burglar who entered the coffee mills and stole between \$40 and \$50 from the back room, had his bail fixed at \$1000 yesterday by Justice Austin. He went to jail.

The case of R. G. Gtz, charged with attempting to obtain money under false pretenses, will come up for examination April 2d.

People's Store.

To-day we sell a button length "Trepese" kid gloves, street, opera and blacks, at \$1.50 a pair; \$2.50 is the regular price of these gloves. We will fit each pair to the hand if desired.

PEOPLE'S STORE.

Asiana Land and Water Co.
Held at a meeting of the Asiana Land and Water Company, held March 31st at 4 P. M.

WHEREAS, It appears to this Board that it will be fair and most satisfactory to the purchasers of lots to limit the number of lots that any one person may select at one time to nine lots.

Resolved, That no one person in the line shall at one time be allowed to purchase more than nine lots.

Melrose.

That area of beautiful country adjoining the city on its western line, and lying just south of the Hick tract, or "Edgemont," has been named by its proprietors "Melrose," and will be a station on the steam motor line now building to Edgemont. This suburb will include the Johnson tract, the City Boundary tract and Thomas tract.

Second and Last.

Grand auction sale of lots at Santa Monica to take place on Tuesday the 12th of April, 1887. Particulars of sale will be given in a few days.

BETTER ACCOMMODATIONS.

More Pullman palace cars are now arriving via the Santa Fe route, which are to be used between Los Angeles and Kansas City to accommodate the increased travel east bound. This company is also running daily emigrant tourist cars direct from Los Angeles to Kansas City.

Dr. H. P. Peebles.

Has removed his office and residence from 20 West Fifth to the new Callahan Block, corner of Spring and Third streets. His office is immediately above the Third street entrance.

Grand Ball.

The A. O. H. society of Los Angeles will give their grand annual ball on the evening of the 11th of April at Turner Hall. A good time is anticipated.

Real Estate Free.

Anybody can sell real estate. The town is full of agents, but we are the only ones that can give lots in Garvanzo away for nothing. We have repeatedly refused good offers for the land, but we prefer to keep it and share a portion with those who have helped us to earn it. Our boots and shoes are cheaper than ever, and with every dollar's worth of goods you get an opportunity to secure a valuable lot in Garvanzo free. Photographs of the land can now be seen at our store.

WHY

—IT IS POSSIBLE FOR US TO—

GIVE AWAY

ELEGANT PRESENTS

—WITH—

ALL BOOTS AND SHOES.

Many a jealous and envy-written competitor has denounced our establishment because we by the use of

Energy and Enterprise

(qualities unknown to them), have brought from the distant East many useful articles to gladden the eyes and delight the hearts of our patrons.

The green-eyed rivals view our success with dismay, and pl-atively tell their friends and far-between customers that we raise the prices of our Boots and Shoes in order to make both ends meet, and that they are too virtuous to do anything of the kind. The real facts are, it is because we use

Coin, Courage and Enterprise

That we can benefit our patrons so handsomely. We are selling better Boots and Shoes FOR LESS MONEY than any house in town, and

Giving Away Elegant Presents.

We defy any Shoe merchant—or excuse for one—to produce an equal to our \$2.75 Ladies' French Kid Button Shoe, and throw in a present worth a dollar.

Handsome PRESENTS with all Purchases. Handsome PRESENTS with all Purchases. Handsome PRESENTS with all Purchases.
